

M-340

Rutile Titanium Dioxide

M-340 is a grade of rutile TiO₂ pigment for plastics, produced by the chloride process. Through precise process parameter design and control, and special inorganic and organic coating treatment, it has prominent dispersibility, excellent bluish undertone, high whiteness and high-temperature anti-yellowing performance.

Applications

- High concentration masterbatch
- High-quality films
- Silk and wire plastics
- Injection plastics
- Moderate durability plastics
- Rubber

Key Features

- Prominent dispersibility
- Excellent bluish undertone
- High whiteness
- High-temperature anti-yellowing
- Stable film production performance

Technical Index

Technical Index	Standard	Typical Value
TiO ₂ Content, %	>= 94.0	97.0
Rutile content, %	>= 99.8	100
Brightness, %	>= 94.8	95.0
Whiteness vs. standard sample	Not less than	Not less than
L* (dry powder)	--	99.3
b* (dry powder)	--	1.2
Reducing power (Reynolds number)	1850	1900
Dispersibility (Hegman)	>= 6.50	6.50
Oil absorption, g/100g	<= 15.0	15.0
Volatile at 105 deg C, %	<= 0.5	0.1
Color 320 deg C, dE	--	0.5
Average particle size (nm), SEM	--	190
Inorganic treatment	Al ₂ O ₃	--
Organic treatment	Yes	--

Storage & Packaging

Storage Conditions	Store in a cool, dry and well-ventilated place. Avoid damp conditions and sun exposure.
Packaging Options	25 kg bags; 500 kg/bag FIBC; 1000 kg/bag FIBC.
Container Loading	25 kg/bag: 1.2 MT per pallet, 24 MT in one 20GP. 500/1000 kg FIBC: 20 MT with pallets in one 20GP.

Safety Notice

Use good industrial hygiene practice. Avoid dust generation. Please refer to the Safety Data Sheet for more handling information.

The data included in the typical properties is not a specification. The information in this data sheet is a general guide to the properties of the product described in it. Nothing in this data sheet is to be construed as a warranty, express or otherwise. In all cases, it is the responsibility of the user to determine the applicability of the information and recommendations and the suitability of the products described for its own particular purpose.
